

LABEL BEAM™

BEFORE

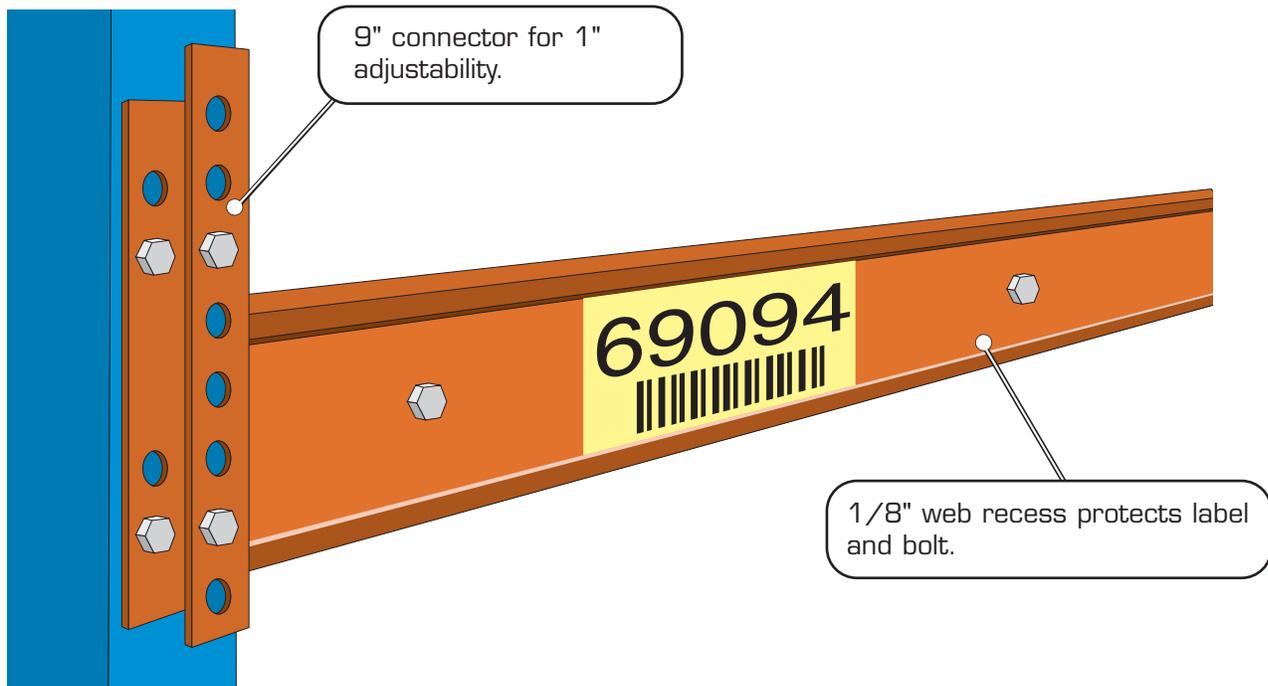

AFTER

The Label Beam™ prevents
barcode label damage.

Benefits:

- Prevents barcode label damage
- Saves time and money by not having to replace barcode labels
- Reduces damage to pallet support bolts
- 1" adjustability allows for flexible beam placement
- Reduces picking errors when order selectors cannot scan verify due to missing or damaged barcode labels
- Replace only the front beam if damaged

Features:

- Recessed web
- Prevents barcode labels from being scraped or ripped off by fork truck abuse
- Keeps pallet support bolt from being sheered off
- No loss of capacity due to indentation
- Connectors on beam are punched on 1" centers
- Constructed from 100% structural steel for strength and durability
- 2-Year Warranty against forklift damage
